PECD Professional Education Competency Demonstration Program

If a teacher's Statement of Eligibility says that he or she has not satisfied the PEC requirement, then you will need to purchase a PECD manual from the FCIS Office and then the head of your school (or a person designated by the head) must put the new teacher through the program.

*The teacher **MUST** have a current temporary certificate while completing the program.

*The dates of the PECD participation **MUST** be within the validity dates of their temporary certificate.

To order the FAANS Professional Education Competency Demonstration Program (PECD) please contact the FCIS Office to order. The manual will be mailed along with an invoice for \$50.00.
