In a school, not so far away......

there were amazing teachers who found it difficult to compete with the constant distractions vying for their students’ attention. The goal to create intriguing opportunities to engage their students in learning and build intrinsic value was their quest. From Marvel to puppies, the forces seemed against them, but they never wavered, they never tired, they knew the FORCE was with them daily.

These brave souls were professionals and the chance to make a difference

The “5-MINUTE PERSONALITY TEST”

Below are ten horizontal lines with four words on each line, one in each column. In each line, put the number “4” next to the word that best describes you in that line; a “3” next to the word that describes you next best; a “2” to the next best word, and a “1” by the word that least describes you. On each horizontal line of words, you will then have one “4”, one “3”, one “2”, and one “1”.

For example: One choice for the first line of words would be as follows:
3 Likes Authority  4 Enthusiastic  2 Sensitive Feelings  1 Likes Instructions
